Under Canon 760-The mystery of Christ is to be expounded completely and faithfully in the ministry of the word, which ought to be based upon sacred scription, tradition, liturgy, the magisterium and the life of the Church.

Under Canon 212 I wish to complaint to you that you are not being fair to Mary Our Lady of Healing Waters and Our Lady of Peace of Medugorje.

Msgr. Driscoll has allowed the picture of Grace of the Mother Thrice Admirable and Queen of Schoenstatt to be installed in his Church so that Mary during this Marian year
"Through her mediation, subordinate to that of the Redeemer, could contribute in a special way to the union of the pilgrim church on earth with the eschatological and heavenly reality of the communion of saints." Redemptoris Mater-Pope John Paul II

Rev. Pastor since under canon 273 you are bound by a special obligation to show reverence and obedience to the Supreme Pontiff and under canon 276 bound to pursue holiness and
under canon 276 are to cultivate special devotion to the Virgin, Mother of God.

Would it not be possible to turn your present shrine to the Mother of God and the Child Jesus into a shrine of grace for your people during this Marian Year.

Our Lady of Healing Waters is already present in your beautiful statue. Our Lady of Medugorje said:
"Firmly believe that he will be healed", ..and that all could touch her.."

Would it not be possible out of your love for the Holy Father's Great Act of Entrustment that with adding symbols (that enhance the Divine words -canon 760) to your present shrine to Mary you could evoke the unconscious archetype of the mind to those that look at the symbols to the pre conscious knowledge of the universal psychic facts of their relationship to God. To
bring the People of God closer to God.

Would it not be possible to add the beautiful Triangle- Eye of God above the statue to help bring people to the understanding of the meaning of the Trinity.

Book 28

Would it not be possible to help keep alive the meaning of the Holy Father's Great Act of Entrustment by having a copy of the Holy Staff placed next to the statue, so that people could touch it.

Would it not be possible to have attached to the marble an angel of Our Lady of Healing Water holding a copy of the sacred Standard.

Would it not be possible to have a marble bowl for Holy Water so that people could touch and make the Sign of the Cross.

Perhaps the words over the statue of Our Lady and would read:
SEE HE COMES-TOUCH HER AND BE HEALED-CONFESS-FORGIVE AND HAVE EVERLASTING LIFE.

If you would do this, you would fulfill most perfectly your obligations that you have exalted the Daughter of Sion, to help all her children whatever their condition to find in Christ, the path for the year 2000,
(Based on Redemptoris Mater-Pope John Paul II)
and fulfill the wishes of the Second Vatican Council that everyone look to Mary as a sign of sure hope and solace.

I can see by the size of the Picture of Grace that Msgr. Driscoll had installed , that this could be a sign a future Schoenstatt Marian Shrine is intended by members of Schoenstatt to be built.

Rev. Pastor Wozniak you surely can't let Msgr. Driscoll have the only key to the shower of graces for the year 2000, but must give the People of God other rays of graces coming from Mary through Our Lady of Healing Waters and Our Lady of Medugorje. Have a firm faith, touch, confess, forgive and many miracles of healing will occur.

Don't worry about Our beloved Bishop he already has his "FIAT ON HIS LIPS".

"LORD, I COME TO DO YOUR MOST HOLY WILL".

"DO WHATEVER MY SON TELLS YOU" -Redemptoris Mater.

"He has put down the mighty form their thrones, and has exalted the lowly." -Magnificat

"Let my charity be such as to offend no one."-Prayer to the Holy Spirit

"Out of the depths have I cried unto thee, O Lord (I dare not ask what the bishop would say there)

The Sacred Standard is raised the Holy Staff is in hand. We will utter the words of the antiphon with which the church of Christ has prayed for centuries..."We have recourse to your protection, holy... (Mother and Father God).
Act of Entrustment-1984

On Sept 14, the Holy Father and every bishop and priest will be reminded again of the reading of the Triumph of the Cross. "So Moses prayed for the people, and the Lord said to Moses, Make a saraph and mount it on a pole, and if anyone who has been bitten looks at it, he will recover. (Nm 21,4-9) See the Holy Staff does it not look like a snake.

The holy staff is a symbol of a priori condition, of a psychic event which has been endued with a dignity which has found immemorial expression.

"THE POWER OF THIS CONSEC RATION" the power of the snake wrapping around the gifts of the Holy Spirit "lasts for all times, embraces all individuals, peoples and nations and the head of the snake is the triangle , who can devour and overcome every evil the spirit of darkness is able to awaken...

The snake of the Triangle wrapped around the gifts of wisdom, understanding, and fear of the Lord, satisfies the needs of the unconscious. The unconscious mind does not use words, but it KNOWS MOVEMENT. The unconscious mind enjoys to see the symbol of the Holy Staff for when you extend the staff the unconscious recognizes the movement of the snake of the Triangle.

The Holy Standard is raised, see the Eye of the Triangle which holds to the unconscious the unwritten history of mankind from time unrecorded. The unconscious recognizes the symbol of the eye of the triangle which reaches back to Babylonia time (Sin-(moon)/Shamash (sun)/Adad (storm) .

The Eye of the Triangle is an archetype "that which is believed always, everywhere, and by everybody". In the year 2,500 B. C. it was said and it will be said in the year 2,000 A.D.

God the Father says: "He will exercise a Kingship of grace in the land, for my soul is in him," And the father says to the child " You are the son of my body, begotten by me". "The sun he bears within him from his father's seed rises anew in him". His eyes are the sun and the moon.

Behold, as we stand before you , mother of Christ...
We raised the Holy Standard, so that the Sacred Eye
of the Triangle in the unconscious can overcome every evil that
the spirit of darkness is able to awaken. Let the sacred sign
be raised to bring men to wholeness. Let there be revealed,
once more, in the history of the world the infinite saving power
of the redemption a power of merciful love. We raise up
the Sacred Standard and Holy Staff so that the bells in the
Sacred Standard can call to the unconscious the
experience of mankind as a whole. The call for the all
embracing vision which leads to the KINGDOM OF WHOLENESS.
The Sacred Standard is a legitimate symbol which gives
expression to the immutable structure of the unconscious and
commands general acceptance.

BOOM-BOOM-BOOM. We raise the Sacred Eye of the Triangle so that everyone can obey the divine call and be enlighten to the path of faith, hope, and charity. Look at the symbol which evokes immediate and spontaneously belief and does not require to be understood in any way.

"How deeply we feel the need for the consecration... so that the conscious and unconscious parts of the psche are healed within man. Man has blocked the path toward the Future because he has removed the "FAITH" needed for the unconscious to conquer the menace of evil, which so easily takes root in the hearts of the people.

Look at the circle of the Eye in the Triangle and see your life from it very beginning. See the Triangle which give dignity to the children of God.

See the symbols in the Holy Staff of Faith, Hope and Love and do not trample on the commandments of God. Look at the symbols so that you do not stifle in the human hearts the very truth of God which is the unconscious parts of the psche.

Look at the Holy Spirit who calls to you in the sacred standard, deliver us, deliver us. From the sins against the Holy Spirit.

The Sacred Standard is raised "for their sake". Touch the symbols in the wood of the staff and sing:

THROUGH CHRIST, WITH MARY, IN THE HOLY SPIRIT, TO THE F A T H E R.

We touch the symbol of the Bowl of Fire in the holy staff which has the power to obtain pardon and to secure reparation, in his divine heart.

I hold up the Sacred Standard and HOly Staff so that the symbols of the dream images of the archetype of the unconscious can help repair modern men neurotic dissociations, by restoring to the conscioues mind a spirit and an attitude which from time immemorial have been felt as solving and healing in their effect, so that there is union between the conscious and unconscious and reveal for all the light of hope.

REV 1-7 SEE! HE IS ARRIVING SURROUNDED BY CLOUDS: AND EVERY EYE SHALL SEE HIM. All bow to the Sacred sign of the year 2,000.-BOOM-BOOM-BOOM.

This letter based on Jung Psychology, the act of entrustment, and the reading of the Triumph of the Cross- Sept 14.

Sincerely yours in the sign

The great sign shines forth
on the threshold of paradise.
"I will set enmity between
you and the woman" Gen 3:15

In the course of the centuries
an earthly, womanly being,
containing within herself a
piece of the last paradise
will touch this earth with
her pure foot, the Mother
of God. She will
not be touched by the serpen t,
the devil but with her pure,
motherly foot shall crush its
head. Pg 1

the serpent. She must

at work if the
battle is to be

Savior, the great
Redeemer of the world.

Rev. Father Joseph Kentenich

I will set enmity between
ordinary consciousness
of the ego symbolicaly
associated as masculine
and the woman, feminine.
She the urooorus the symbol
of origination appears as
the round container so
that the masculine and
feminine opposites can
unite. The Uroboric Round
the symbol of the serpent is
the symbol of everlasting
life, and a image of the
creative impulse the
initial upward spiral
of evolution.

Jungian Model of Spiritual
Growth

Son of God you healed the people Israel when they looked upon the bronze serpent. Protect us this day from the deadly wound of sin.

Office of Reading Sept 14.

The Conscious and Unconscious minds are like man and woman who must touch each other to bring wholeness and healing.

Active displays of tenderness or pressing another person to one's breast, embracing him, putting one's arms round him, certain forms of kissings.
Love and Responsiblilty
Pope John Paul II

When the people looked at the bronze serpent the uroborus round they saw the symbol of everlasting life , the creative impulse, and their minds were raised to a new level of consciousness. By detachment from the entry into the world they encounter the principle of opposites and achieve deliverance from the unconscious and escaped from the darkness of below and so were healed.

"Authentic fatherhood starts only with the acceptance of responsibility for his child. This is a spiritual act.

True fatherhood is service. The father passes on knowledge, ideas and ideals, and above all values. The human father must allow freedom . May the Kingdom of the heavenly Father, together with the Kingdom of the earthly father, come to us.

Head and Heart -Edith Rasdt
Schoenstatt Family

Tenderness, then, springs from awareness of the inner state of another person (and indirectly of that person's external situation, which conditions his inner state and whoever feels it actively seeks to communicate his feeling of close involvement with the other person and his situation.

Love and Responsibility
Pope John Paul II

The Separation of the world parents is the first defiant act of human consciousness which splits off opposites from their original uroboric unity.

A Jungian Model

"Just as a person bears
the image of his mother
in the depth of his heart,
there lives and is woven
into the heart of humanity
a mysterious, constantly
effective reminder of
paradise lost.

Father Joseph Kentenich

When death comes upon us,
we should have attained-
with the help of grace-
the donum integritatis
the gift of integrity, the
gift of complete
harmony noted in God,
to such a degree that the
beatific vision only
perfects the earthly
process of Transformation.

Father Joseph Kentenich.

Tenderness is the ability
to feel with and for
the whole person.

Pope John Paul II

Look at the Holy Staff
and be healed.
Touch and bring wholeness
to yourselve.
Detach yourselve from
the material world and have
everlasting life.

Touch your conscious and
unconscious minds and
bring them to wholeness.

On August 7 it was written in the San Antonio Light that medical authorities expected that 15,000 people will seek medical help during the Papal Mass, Sept 13.
It sounds like more people will get sick than healed when the pope comes to San Antonio.

Also the paper said that many people will get sick because of the numerous stings and bites of fire ants. On Saturday I visited San Antonio and I rode my bike under the sun from 10:00am. until 3:00 Pm up and down Woodlawn Ave and visited Assumption Seminary.

I have come to the conclusion that the 11:oo a.m. Papal Mass is ill planned. The Mass should have been scheduled earlier at 9:30 a.m. so that the people would not be exposed to the heat of the day. Already at 11:00 a.m. it is too hot to expose people to this prolong event.

The Mass should have been planned eariler or later in the day so that the ocassion of being outdoors would be enjoyable. I suggest that people pray for a cloudy day so that the overcast would protect them. People should bring large hats and umbrellas to protect themselves from the heat. After my experience on Saturday in San Antonio I would not recommend anyone to go. Watch it on TV in an air condition room.

Thirty-Five days before the pope comes, and I have not read or heard one good comment made in favor of the event.

How much is this event going to cost? $26 million- (This money could fund 65 social services for 6 years, per the Austin budget). By the way when the pope visited Des Moines, Iowa 10/4/79 it was 37 degrees.On 9-13-12 it was 100 degrees in San Antonio.
Well maybe you can call this the miracle of the Sun.???

Move by charity I have made a pilgrimage with Mary of Healing Waters and in honor of the peoples of St. Louis and St. Thomas More Churches here in Austin to your beautiful church.

Following Mary's example I have gone into your house because you are my brothers. When Mary entered your Church, the child Jesus leaped for joy. He being filled with the Holy Spirit greeted his Mother with a loud cry:

"BLESSED ARE YOU AMONG WOMEN..." LK 1:40-42)

As you can see by the pictures the child Jesus was full of joy and loved his picture being taken.

I have blessed your child because "He is the child of the future." He is the Child of Healing for the year 2,000.

And blessed are you who believe in him.

On Sept. 13 when the Holy Father the Vicar of Christ is in your city this can be the decisive moment to entrust yourselfs to God completely with full submission of intellect

and will, manifesting "the obedience of faith to Holy Mother the Church".

Accept this announcement and keep watch over your child so that when the Heavenly Father comes in the year "2,000" , your child will be properly trained to carry out the Father of mercies wishes.

I invite you to repeat the Bishop of Austin's motto:

LO, I HAVE COME TO DO YOUR WILL, O GOD.
Heb 10: 5-7

(This letter adapted on Redemptoris Mater)

Many blessings to you, and may you favor the People of God of the parishes of St. Louis and St. Thomas More with your prayers.

8-22-87 QUEENSHIP OF MARY- (Marian Year)

Enclosed is my 375 page story of Our Lady of Healing Waters. This story is in fact two stories being told at the same time. If you divide each page vertically you will find that the verbal story is appeal ing to the reader's left hemisphere of the brain and the pictures to the left are appealing to the spatial ability of the right hemisphere which represents abstractly the two and three dimensional relationship of the external world grasped through vision, touch, and movement.

The picture story of Our Lady of Healing Waters underscores the depths of trinitarian mysticism which is within the reach of all Christians even the outcasts. The Pictures of Healing Waters reveals that Christ's Spirit would pray in us "with sighs too deep for words" (Rom 8:26). Perhaps the pictures represent the ability of the right hemisphere of the brain to grasp "What no eyes has seen, nor ear heard, nor the heart of man conceived, what God has prepared for those who love him, God has revealed to us through the Spi rit." 1 Cor 2:9-10

But above all the story of Healing Waters is how God "rich in mercy" like the father in the parable does not close his heart to any of his children. Through the Holy Father's Great Act of Entrustment, God was able to enter into his symbols to wait for them. God through the Sacred Eye of the Triangle is able to look for his children. Through the symbols of the Sacred Standard and Holy Staff God is able to meet his children at the place where the refusal of communion imprisions them in isolation and division. By the Power of the Act of Entrustment by the power of the infinite saving power of the redemption by the power of merciful love he calls them to gather about his table in the joy of the feast of forgiveness and reconciliation (Adapted ORAP) and give them healing and wholeness.

The Year 2,000 can be a great big Birthday Party for Christ, Jesus if the bishops learn how to use the collective consciousness of the Act of Entrustment and the picture history of our Lady of Healing Waters , together with the angels of God to bring the crystallised mental energy already present through the Act of Entrustment into action.

The story of Healing Waters confirms Pope John Paul II words; "The Church cannot prepare for the Jubilee in any other way than in the Holy Spirit. What was accomplished by the power of the Holy Spirit, "in the fullness of time" can only through the Spirit's power now emerge from the memory of the Church. By his power it can be made present in the new phase of man's history on earth;
the year 2,000 from the birth of Christ".

I request the Bishop of Austin, Most Rev. John E. Mc Carthy to bless the Sacred Standard and Holy Staff (including the Act of Entustment mantle), so that at least myself and any faithful who uses these objects with devotion in honoring the Holy Father's Great Act of Entrustment can acquirer a Plenary indulgene on the feast of the Holy Apostles , Peter and Paul and and on the feast of the Annunication , if they also make a profession of faith using any legitimate formula e.g. the Apostles creed.

On May 22,1987 Pope John Paul II reviewed the Congregation for Divine Worship suggestion for artistic programs being presented in churches.

In this regard I hope the time will come when a midweek evening liturgy of the Hours (chanting) would be sung with 15 minutes in the midpoint being allowed for guest (including non-Catholics) to perform solo/including sacred dancing (in sacred dancing-symbols and pictures can be effectively used).

"This can be an occasion offered to Christians who are no longer practicing their faith or even to non-christians who are seeking God to have access to a true religious experience...(coming from the laity).

I hope the Bishop will obtain a copy from the Congregation of Divine Worhsip the newly published collection of Masses in honor of the Blessed Virgin Mary.

8-22-87 The Queenship of Mary

"Thus by means of this Marian Year the Church is called not only to remember everything in her past that testifies to the special maternal cooperation of the Mother of God in the work of salvation in Christ the Lord, but also on her own part, to prepare for the future the paths of cooperation." Pope John Paul II

Prepare now for the year 2,000 that you will be transformed and healed, and everyone may sing holding hands HAPPY BIRTHDAY Lord Jesus of the Year 2,000.

Mary, Our Lady of Healing Water, the Mother of the Church we ask you to accept the "ACT OF ENTRUSTMENT MANTLE" so that this act will confirm the universal inheritance of all sons and daughters of this earth.
THERE ARE NO OUTCAST IN THIS CHURCH, for Mary the Mother of the Church intercedes with her son in the fellowship of all the Saints, so that all men will be gathered together in peace and harmony into the one People of God.

"COME JOIN ME"

"As we find ourselves united with all the pastors of the church in a particular bond whereby we constitute a body and a college, just as by Christ's wish the apostles constituted a body and college with Peter."

In the bond of this union with the Sacred Standard of the Triangle raised we go to the Father and with the Holy Staff in hand giving out gifts of love and with the Mother of the Church wearing her beautiful "ACT OF ENTRUSTMENT" mantle, we say with her "FIAT".

"Embrace, with the love of the mother and handmaid of the Lord, this human world of ours, which we entrust and consecrate to you, for we are full of concern for the earthly and eternal destiny of individuals and peoples.

We ask for unity of all Christ's disciples, as a great sign to kindle faith, which division constitutes scandal.

Through Christ with Mary, help everyone to find in Christ the path to the Father's house.

In freedom let all find the truth of the "great transformation".

Yes assist, yes assist, your people, all peoples, there are no outcasts, assist all your people who have fallen to rise again. Assist all to follow the path of "Not Falling" in ways that are ever old and ever new, and of "rising again" if a fall has occurred.

Mary truly proclaims the coming of the "MESSIAH OF THE POOR" (Is 11:4;61:1) the Magnificat tells the truth about God who saves, the truth about God who is the source of every gift, of his preference for the poor and humble, sinner and outcast.
Follow the Mother who will lead you to Jesus, who leads you to the moment of a new Pentecost so that all can sing
HAPPY BIRTHDAY LORD JESUS
OF THE YEAR 2,000.

COMPLAINT: On the theft of my bicycle in front of San Fernando Cathedral on 8/15/87 at 11:45 a.m.

Oh Lord, on this feast day of the Assumption of the Blessed Virgin Mary , I went to San Antonio to make a pilgrimage during this holy time which honors the Virgin, Mother of God.

I visited Our Lady of Grace Church, there to present Mary with the "Act of Entrustment" mantle, and to pray, Oh Mary, Mother of the Church-from every kind of injustice in the life of society, both national and international, deliver us. (Act of Entrustment)

I visited Our Lady of Guadalupe Church to pray "from the loss of awareness of good and evil, deliver us."

I visited Our Lady of the Angles Church so that the 50 Love Angels of Our Lady of Healing Waters could say goodbye before they went off to battle.

I visted the Immaculate Heart of Mary Church to say "Mother of the Church! Enlighten the people of God along the paths of faith, hope and love. From sins against the Holy Spirit, deliver us, deliver us."

I ended my pilgrimage at the Cathedral de San Fernando and listened to the children sing before Our Lady's Statue:.
"Loving Mother of the Redeemer-
I pray that you will assist your people who have fallen,

yet strive to rise again."

OH LORD, I WAS THERE NOT MORE
THAN 30 MINUTES AND SOMEONE,
PROBABLY THE MONEY CHANGERS (vendors.
in front of the church STOLE

Lord in Exodus 22:20 you say
"And a stranger shall thou

oppress him.

Someone probably a vendor
DRAGGED MY BICYCLE WHICH
WAS LOCKED ACROSS THE
STREET AND STOLE IT,
while I was in prayer.

Oh Lord in Deuteronomy 10:18-19
God said: to love the stranger,
in giving him food and raiment.

Oh Lord they not only did not
give any food , but they
stole my means of transportation.
They pervert the justice due

Oh Lord the spirit of prayer
around the Cathedral is so depressed
and they have said "Let us cause
the law of hospitality to
be forgotten in
our midsts. As it is said,
"They are forgotton of the foot
that passeth by (Job 28:4) and
in punishment the Lord caused
fire to rain on them."

With the Holy Standard raised
and Holy Staff in hand (symbols

and with the 50 Love Angels at
my side. I ask you

BISHOP PATRICK FLORES

"Do you hear this, you who
open your house of prayer
to quests only to steal

their belongings while they pray.-The flame of the angels will enter those homes who closed their doors to the guests and steal their belongings. Your household and the money changers certainly are not nice people, even the sheriff did not inquiry or write any facts down.

I and the Love Angels of Healing Water came to pray, but the aura of your Mother Church is so weak that thieves and the devil are at your doors.

The Spirit of your Cathedral owes me and the 50 Love Angels of Our Lady of Healing Waters

R E S T I T U T I O N

Because you have profane under Canon 1376 the "Act of Entrustment" mantle of Our Lady of Healing Waters, a sacred thing during this sacred time which was being carried by my bicycle which was within the aura of the Cathedral and you failed to give adequate protection to pilgrims who pray within the cathedral walls from money changers (vendors) who prey on pilgrims.
The restitution I desire is that permission is granted that anywhere in your Archdioceses a Schoenstatt Marian Shrine or a shrine to Our Lady of Healing Waters can be built.

And that under Canon 994 I may gain a plenary indulgence for each church I visit in the Archdiocese during the Marian year to apply to myself and the persons who have died of AIDS.

I also request you Archbishop to say the Act of Entrustment of the Holy Father at least once during the Marian Year.
Request reply before Sept 13,1987.

A GREAT SIGN APPEARED IN THE SKY, A WOMAN CLOTHED WITH THE SUN. Rev 11

May all the people of St. Louis parish and St. Thomas parish look at Mary's "Picture of Grace" which is installed on the Church wall at St. Thomas More parish. If we look at the Christ Child , we will see that his foot touches the cloud.

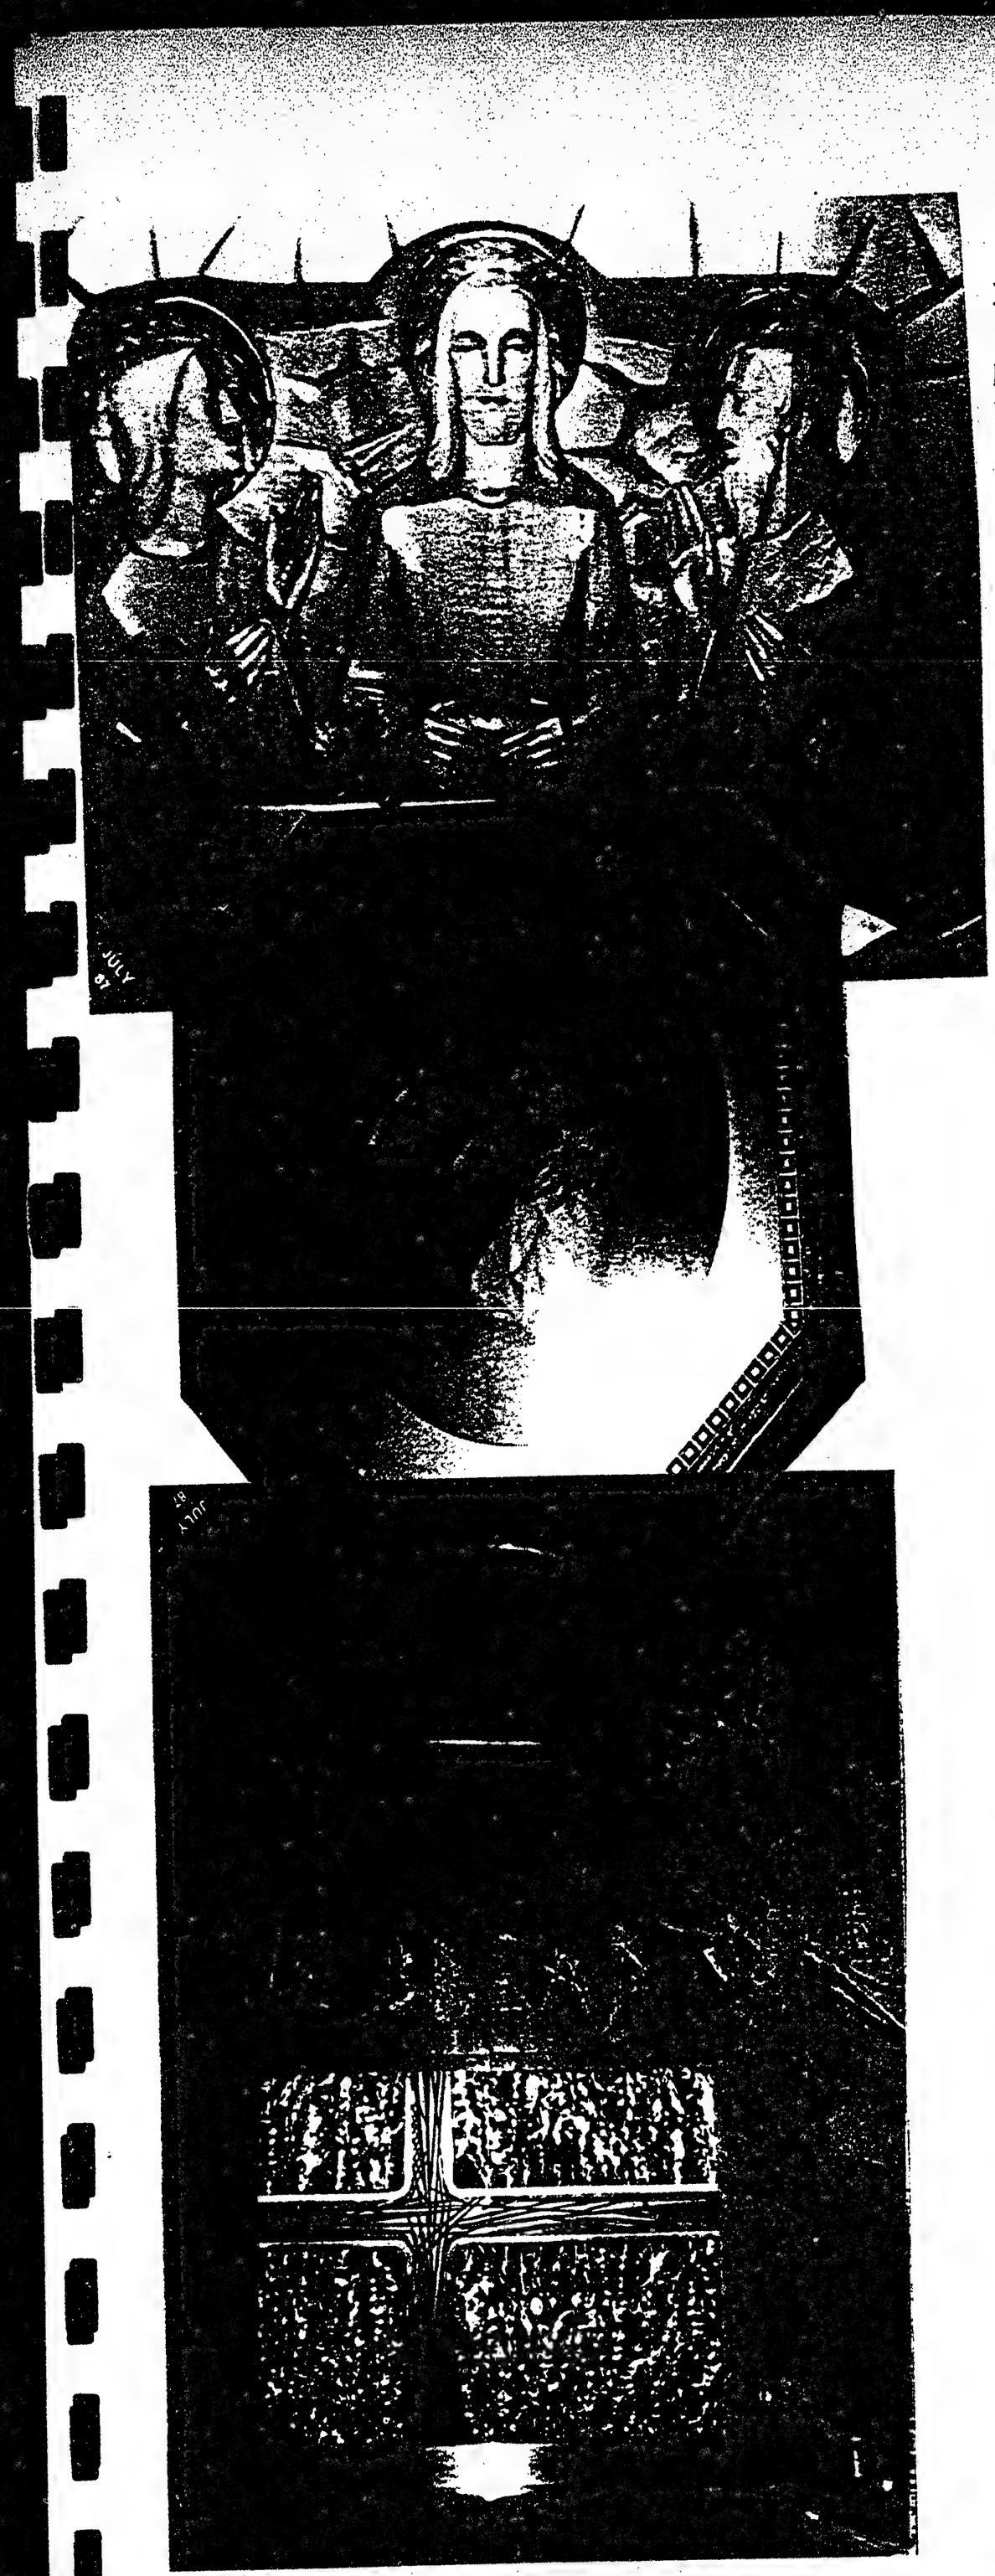
Look at the picture again and see that the cloud moves to reveal glimspes of the future. If you catch a glimspe of what is hidden in the cloud..."you will realized with shocking clarity that tremendous powers are at work in opposition to God. Mankind, is moving rapidly toward intellectual, moral and religious chaos, and we as yet are unaware of the danger. Whoever looks at the world from God's perspective will recognize: the devil is feverishly at work. (On July 24, a gunman in London used a single-barreled shotgun to blast the Virgin Mary and child painting by Leonardo de Vinci.)

(On 7/19/87 the San Francisco Examiner stated "A generation of children has grown so numb to death that they are stabbing, strangling, and shooting people with alarming brutality experts say.") God's plan, however, Mary the woman who crushes the serpent's head, should conquer. Father Kentenich the founder of the Schoenstatt Movement urgently warned the clergy in particular to work for a sound and vital devotion to Mary. Many who hear him pricked up their ears in amazement, doubt or joy "Mary" they exclaimed." (Pg 45 With Mary)

Yes, Mary! because christians who are eager to do what Jesus tells them- as their Mother recommends (cf Jn2:5) will be able to go forward together on this "pilgrimage of faith". (Page 66-Redemptoris Mater)

St. Louis Church and St. Thomas More Church are now Mary's churches bound together like brothers and sisters for the Angels of Our Lady of Healing Waters were born from the 110 Marian Schoenstatt shrines which are spread over the world all holding the Picture of Grace. Now we can see this most popular picture of the Great Lady in St. Thomas More Church.

The second ecumenical council of Nicaea (787) defined that according to the teaching of the holy fathers and the universal tradition of the church, there could be exposed for the veneration of the faithful, together with the cross, also images of the Mother of God. (pg 70 -Redemptoris Mater) Therefore by tradition 110 Marian Schoenstatt Shrines all built in duplicate of each other have been erected throughout the world during the last 59 years as Mary's throne of grace through the spiritual guidance of Father Joseph Kentenich .



Mary in these Marian Shrines..."Puts herself in the middle, that is to say she acts as a mediatrix not as an outsider but in her position as mother." (Pag 46 - Redemptors Mater).

Since there is no Schoenstatt Shrine in Austin, St. Thomas More Church takes the placeof the Marian Shrine and acts as a Marian Shrine to hold Mary's picture of grace.

The Picture of Mary of Schoenstatt (MTA) is well known throughout many countries and even Mary herself confirmed to Barbara Reuss of Marienfried, who has invisible stigmata that the picture of the threetime Wonderful Mother of Schoenstatt is a picture evoking spiritual wonders of grace and healing.

I am very appreciative of Msgr. John Driscoll of allowing the picture of the Wonderful Mother being installed in his church. This situation allows me to request Our Lady of Schoenstatt to channel all the graces and gifts coming from all the Schoenstatt Shrines to support the 50 Love Angels of Our Lady of Healing Waters.

Remember the oath which the angels took on 3/24/84 included that they are to do battle with the adversary. On July 30, 1986 Our Holy Father said: "It can therefore be said in the holiness of God himself, in the manner proper to them, but in the key moments they surround Christ and accompany Him in the fulfillment of His salvific mission, in regard to mankind." The Holy Father in talking about angels also said; "The demons of today have influence over man's imagination and higher faculties." Our Lord said "This kind of demon cannot be cast out by any other mean than prayer. On Sept 10 when the Holy Father arrives on U.S. soil the north wall surrounding (spiritual) St. John Vianney Church in Lithia Springs, Georgia will fall and allow the many demons which are contained within the wall to escape.

These demons were called up out of hell by 2 million young people who sang the song "Shout at the Devil" and "God bless the children of the beast" just before the Great Act of Entrustment was made by the Holy Father in communion with all the bishops of the universal church.

The satanical bible was also widely distributed at the time of the Act of Entrustment. The satanical bible gives us Satan's answer to the Act of Entrustment.

"I raise up in stern invasion the standard of the strong. I gaze into the glassy eye of your fearsome Jehovah, and pluck him by the beard; I uplift a broad axe, and split open his worm-eaten skull".

****

LET US PRAY: Oh Lady of Grace remember your son who in youth spend hours before your picture. Remember my Holy Father-Father Joseph Kentenich who Pope John Paul II on 11/28/81 called one of the great priest of modern times. Remember your words (3/25/46) to my spiritual sister Baerbel. "My sign is emerging. God wills it thus. Only my children recognize it, as it reveals itself in secrecy, and they praise the Eternal One for it." I hold up to you Oh Lady the Sacred Standard of the Eye in the Triangle and say:

Jesus tells us "The angels in heaven always see the face of the Father."

Mother this is the sign you said will shatter the image of the beast.

My spiritual father-Father Joseph Kentenich for eight years spoke only to me in signs. The sign of the touch, the sign of the blessing, the sign of the cross, the sign of tears, the sign of prayer, the sign of the triangle. Did he do this to make me sensitive to the sign?

Mother of Schoenstatt, Mother most wonderful, I show you the signs of the Holy Staff and Sacred Standard given to me in your own church.

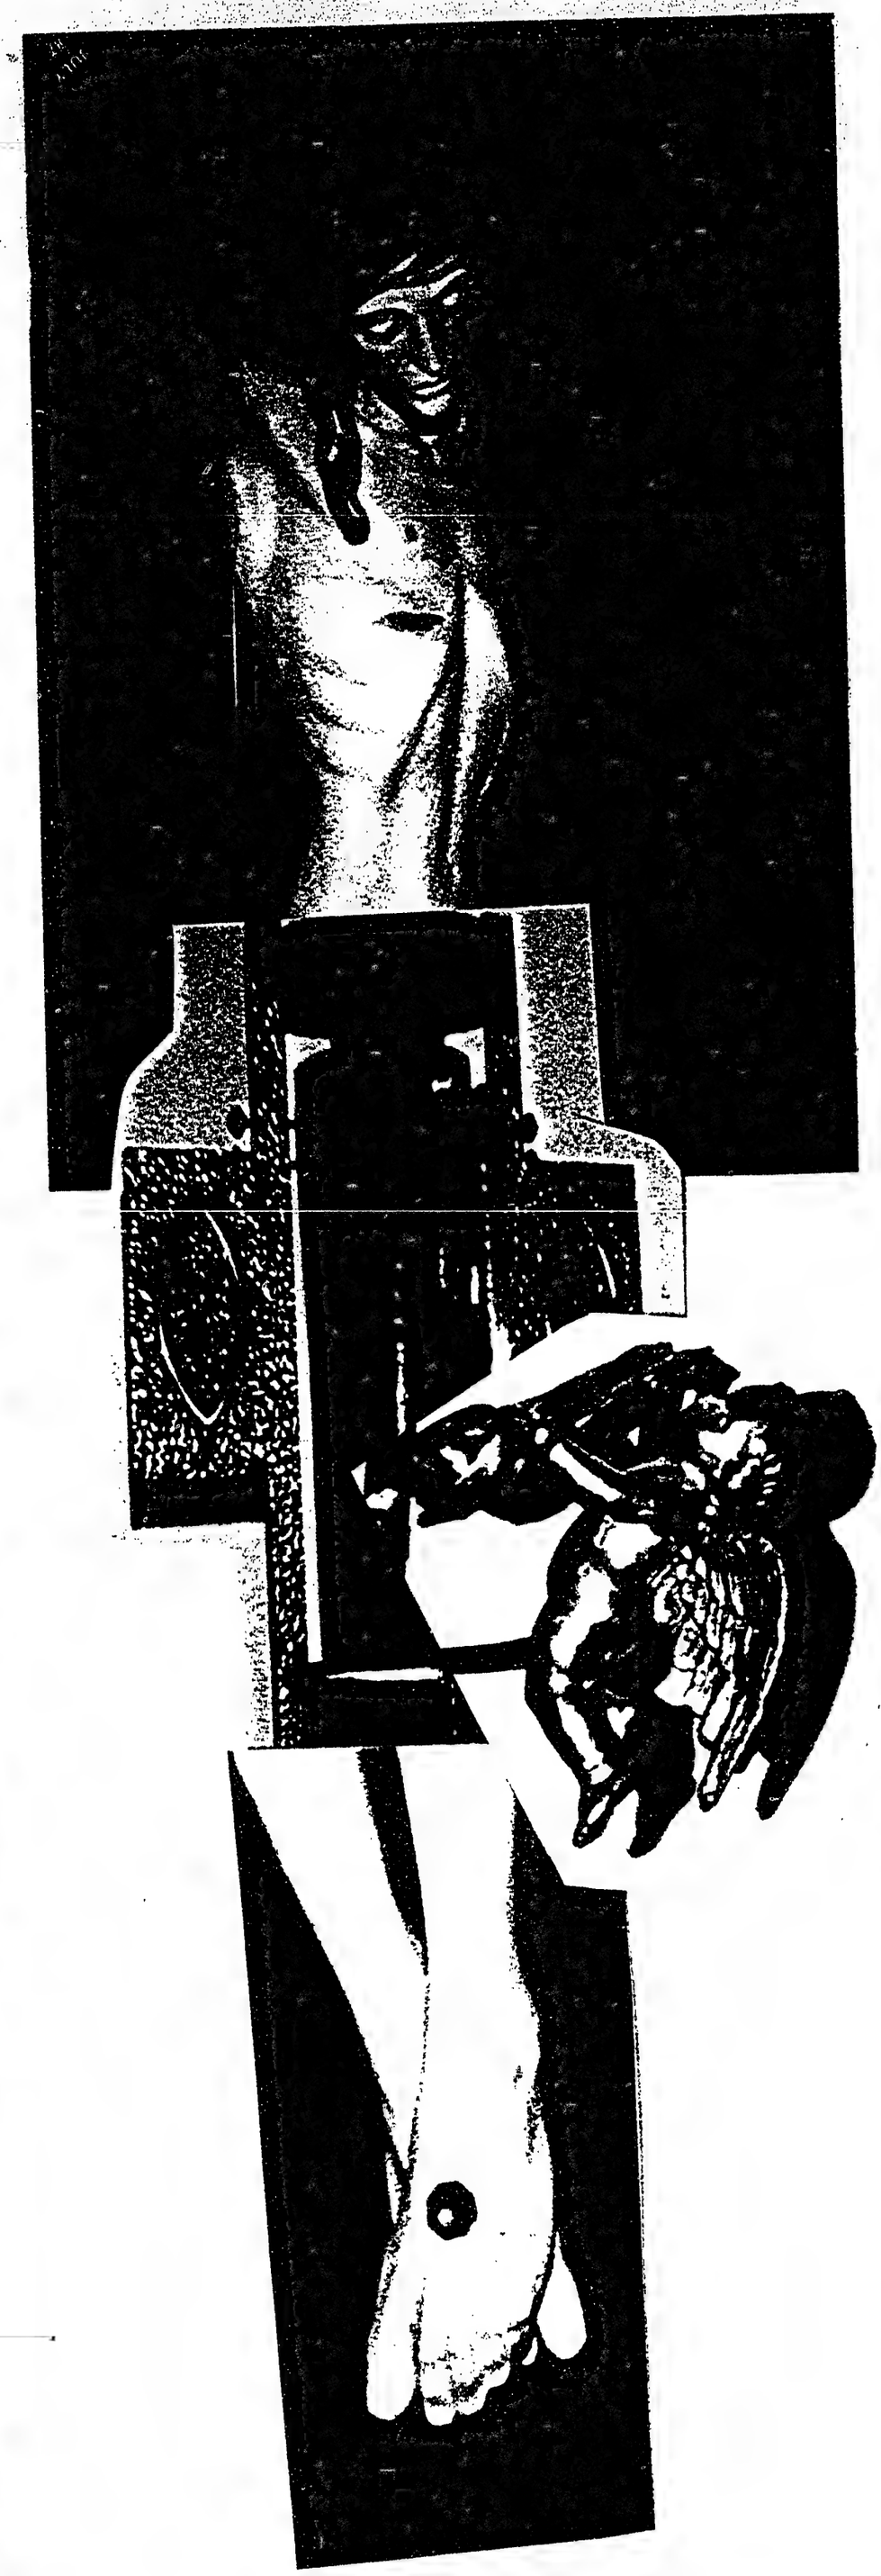
WITH YOU I SAY
FIAT-FIAT- FIAT

Remember oh Mother although a sinner my Father the builder of your thrones on earth has poured water over my hands, saying he is innocent, he is who he is, therefore I impose my hands on his head and transfer the Fatherhood.

Therefore, I hold up to you the Sacred Standard and Holy Staff and repeat with the Holy Father Pope John Paul II; "Let there be revealed once more, in the history of the world the infinite saving power of the redemption, the power of merciful love. May it put a stop to evil, may it transform consciences. May your immaculate heart reveal for all the light of hope.

Therefore in your name , in the name of Our Lady of Healing Waters and the crying Christ Child I order the 50 Love Angels together with all the angels which came to earth on 3/24/84 through the doors of all the Schoenstatt Marian Shrines to gather at the North wall at St. John Vianney Church and on Sept. 8, and 9 Angel Mischief Maker of Argentia is to hold up high in the air the Sacred Standard of the Eye in the Triangle to bring the devils into full anger and hate before the wall falls. As the Holy Father has said "the lost of the face of God has, and will shatter the demons."

Remember Oh Lady of Schoenstatt, my mother. to support the angels with all the prayers and graces from all the Marian Schoenstatt Shrines throughout the world. This do we pray.



I pray that the People of God of St. Louis Parish and St. Thomas the More will wave to the angels goodbye as they depart on August 15, Mary's feastday to go the the north wall at St. John Vianney Church.

ANGELS OF HEALING WATER WHEN YOU FIND THE DEMONS IN HUMAN BODIES YOU ARE TO SAY:

Arise, Arise go far away. Go back into the wall.

Be shamed , Be shamed. Flee,Flee from the Sacred Standard.

Turn around, go, arise and go far away from the Sacred Eye of God.

Stop your wickedness, and may your evil be blown away.

Arise, Arise by the sign of the cross and by the power of the Act of Entrustment, leave men bodies.

From men's body, depart in shame, by the sign of the Sacred Standard and Holy Staff.

Do not return to men's body. By the sign of the Sacred Standard and Holy Staff.

Do not come near men's body. By the sign of the Sacred Standard and Holy Staff.

Do not approach men's body. See the Eye of the Triangle (the trinity). See the face of God, see the cross, see the sign of love.
By these signs we angels command you to depart and return in chains to the wall.

Dear Mr. Kroll:

Thank you for sharing with me your experience in San Antonio and the loss of your bicycle. I don't know who stole your bike just as I don't know who stole 9 cars from our Chancery Office parking lot and 4 cars from Assumption Seminary's parking lot.

I hear that this dreadful disease is not limited to San Antonio....that it is spread out all over the country, Austin not excluded.

I have led pilgrimages to the Shrine of Our Lady of Guadalupe in Mexico City and to St. Peter's Basilica in Rome and in both places some of the pilgrims have lost wallets and other belongings. I pray that some day people will listen to the commandment of God -"Thou shalt not steal." Let us pray that this may happen in our lifetime.

Sincerely in the Lord,

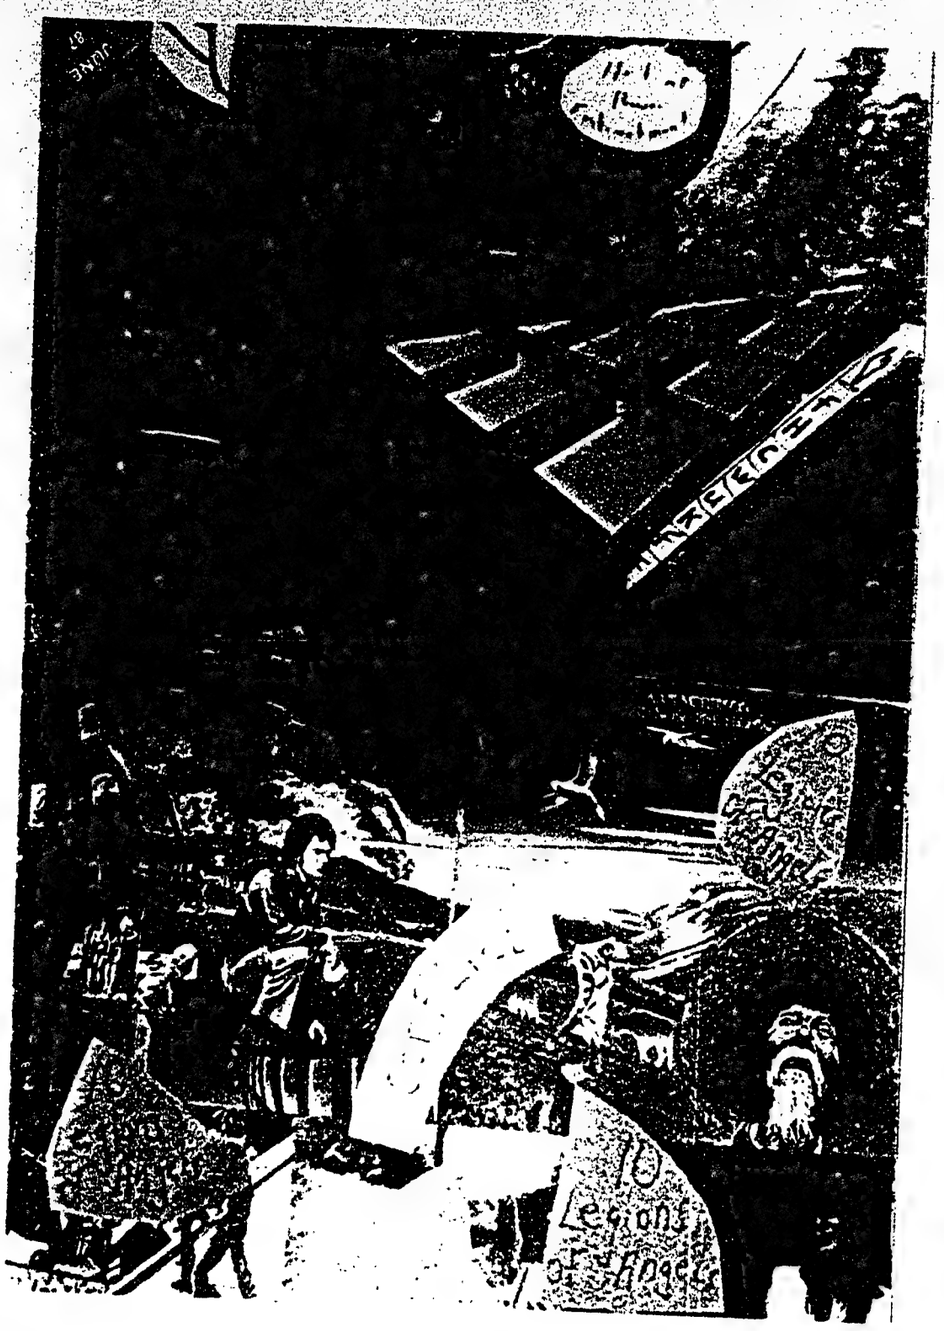
Father of mercy give your people help and strength from Heaven. The birth of the Virgin Mary's son was the dawn of our salvation, With the Holy Standard raise/ and by the power of the Act of Entrustment which was prayed by the Roman Pontiff and in communion with all other bishops (Canon 333), and by the power of the Holy Spirit and through the use of the Sacraments of Baptism, Confirmation, the Holy Eucharist, Penance, Anointing, and Orders and before the Virgin, Mother of God, I hereby due my duty (Canon 211). That the divine message of salvation may reach the whole humankind, declare that each angel to made movement of sounds and energy according to ~~e~~each angels gift, and to sing in unity as follows with the Fire Angels of the great wall present:

We Angels of Our Lady of Healing Waters hold up our vision shields to the Sun of Justice and all seeing Eye of the Triangle.



Oh mighty one, see our seals from anciet times.
We mirror your reflection by seeing the Sacred Eye of the Triangle.
Remember Father and Mother God the Covenant sworn (canon 1191) between thee and the People of God.
We raise the Holy Standard and with the Holy Staff in hand. Hearken, and Remember.

From the Land of Healing Waters, we call thee, and pray to thee. Mighty Father, whose though is beyound our comprehension. Hear us and remember.
You who are the Master of the physical and chemical world of mankind -Open the gate and let the wall fall down. Mighty Father of the opening of the Day- Open wide the Gate and let the wall fall by the four horsemen and by the sign of the Cross of your son Jesus.

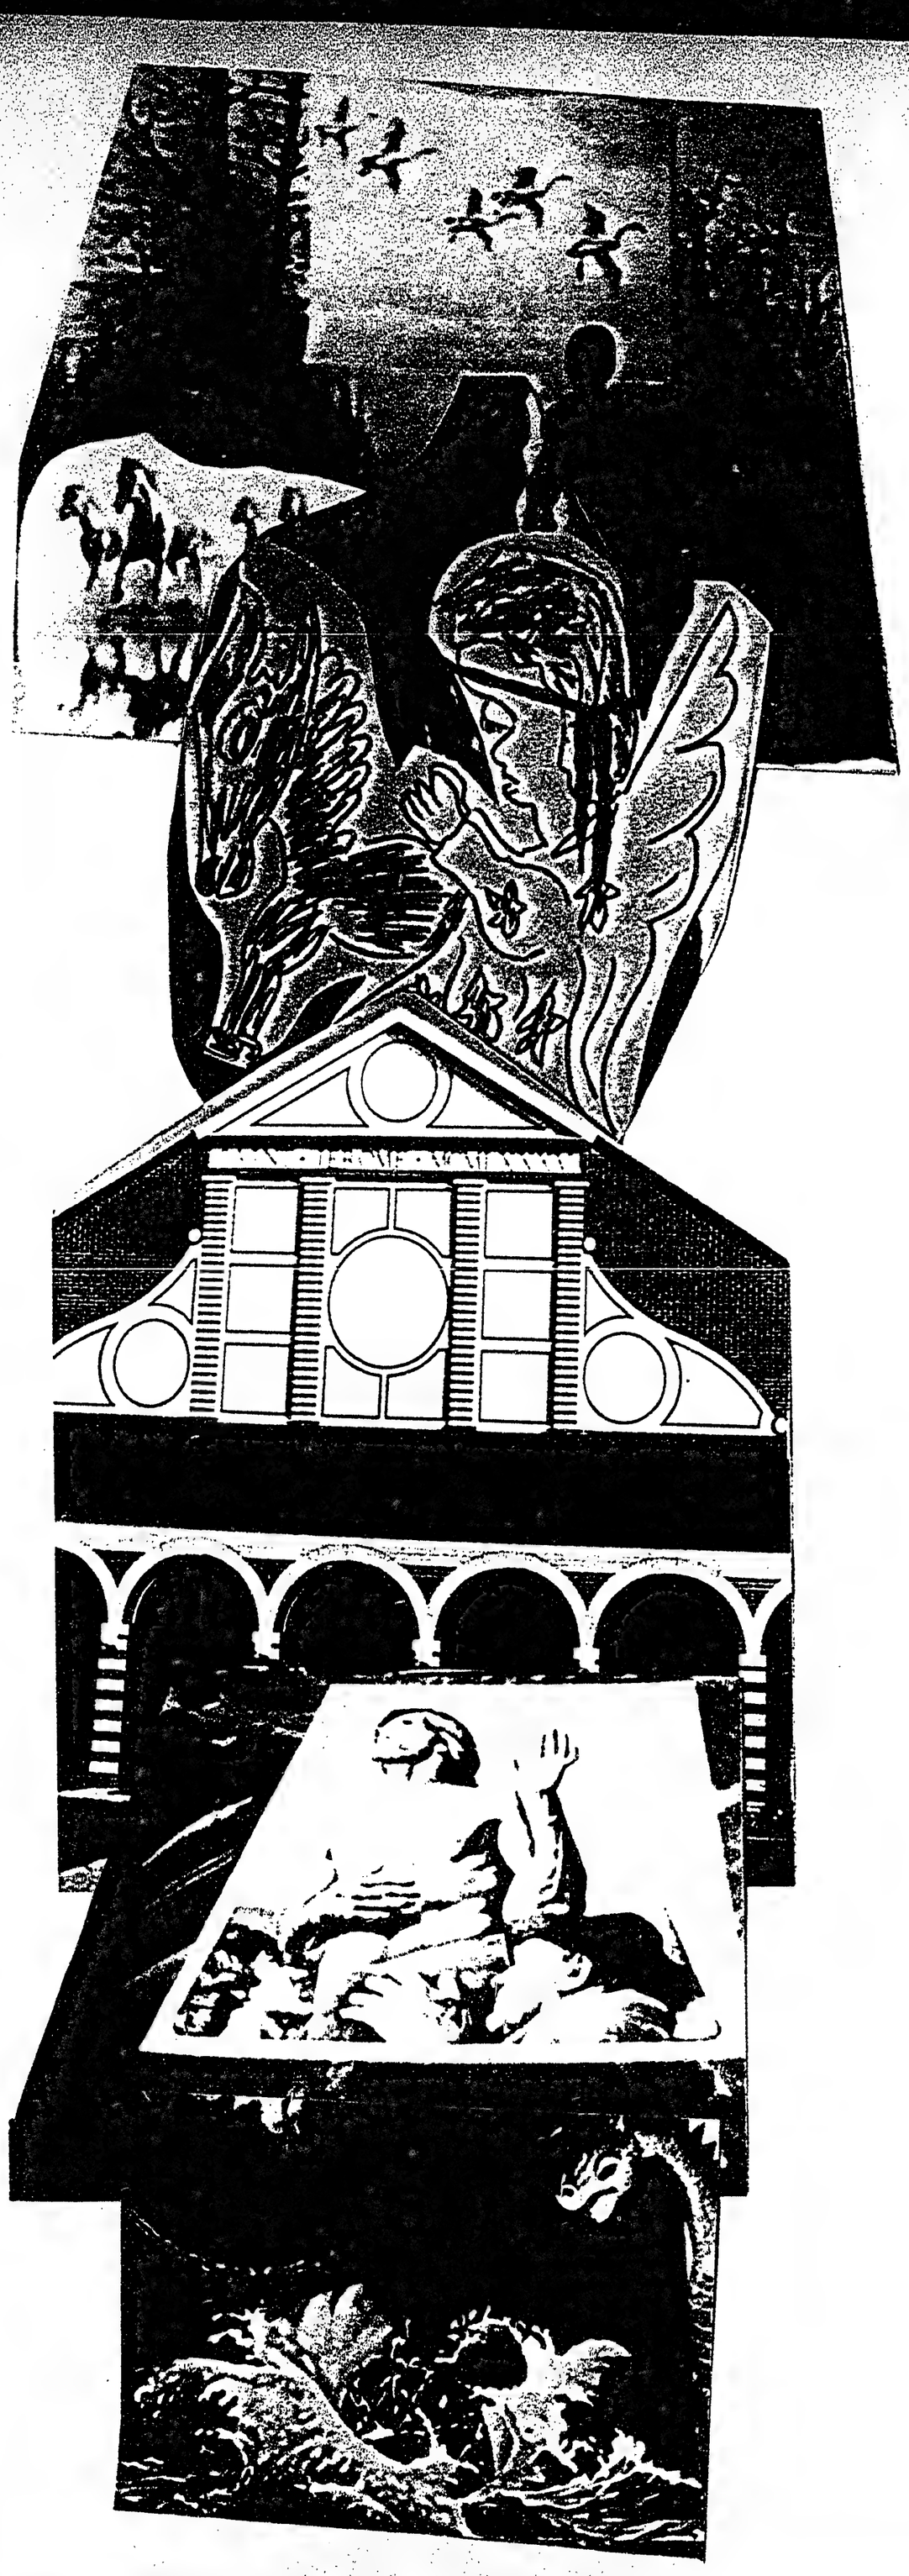
The Sacred Standard and the Holy Staff the symbols of the Act of Entrustment are our strong tower , our immovable rock, may these sacred signs not give way.

We command you unclean spirits to come out of the wall and God permits you to see the person who had the power and belief to bind you in consecration (the vicar of Christ) which is able to overcome any darkness you may awaken, and have in fact awakened in our times, in the hearts of man and in his history. (Act of Entrustment).

And so the Evil Spirits come out of the wall like cold and rain that erodes all things .
Bringing destruction below.
They are the children of the underworld loudly roaring on high. Like a flood they pass from house to house, they go seeking out the Vicar of Christ. No door can shut them out, no bolt can turn them back. Through the door like snakes they slide. They are the burning pain that press and the load itself on the backs of men.

They glide in at the doors like serpents. They enter the heart, they seize the bowels, they grasp the hand seeking out the one who commanded the Act of Faith which over-powered them. Their numbers are unknown, their shapes are all shapes, they seek out men who will become Blood of Vengence, Spirit of Vengence, until they find the VICAR OF CHRIST.

LET US PRAY, God ,Creator and defender of the human race we ask you that Mary, the Mother of God gives her "FIAT" to her love angels to stop these enemies of man who befuddles the human mind. We confess our sins and look at the Sacred eye in the Triangle for our transformation. Let loose the angels of love so that the demons may themselves retreat in terror and defeat.



Angels, may the Prayers and Blessing of the People of God bring to nought these masters of evil.

ANGELS CHAIN THEM.
ANGELS BIND THEM.
ANGELS DELIVER THEM

back into the walls of St. John Vianney-The Orphan Church.

By the Holy Staff we cast you demons who forges images, out of men mind.

By the Holy Staff we cast you demons out of men who cast spells. By the light of truth we chain and bind you Evil Angels, Evil Eye, Evil Mouth, Evil tongue, and Evil lips.

May the wicked Demons depart, May they seize one another, May they feed on one anothers bones.

All by the Power of the Act of Entrustment. Oh Mary of Healing Waters, Assist your people who have fallen raise up again to honor the

Triune One.

For as this prayer attests, the Church sees the Blessed Mother of God under the title of Healing Waters in the saving mystery of Christ and in her own mystery.

The Act of Entrustment and its symbols the Sacred Standard and Holy Staff attest to the struggle between good and evil, and the Power of the act ensures that if man falls that he will rise again.

Because of the sins of men, because men turned away from God. Because the children sang "God bless the children of the beast".

The demons were allowed to arise, and the spirits of the dead went out of the wall, looking neither right nor left.

They pronounced a curse against the Vicar of Christ. They the demons pronounced a curse solemn and powerful against the Queen of Heaven the Mother of the Church. They the demons pronounced a curse against the People of God.
The demons look for men who are strangers to charity, those who ignore prayers, those men that scoff at wishes of the poor, and those that obtain power through wickedness.

Because of the faith of the Vicar of Christ in saying the Prayer of Power in collective consciousness of all the bishops, the Father of Heaven has entered the Sacred Standard and Holy Staff so that these symbols have become the signs of the "Power which can overcome the evil ones".

"The power of this consecration lasts for all time and embraces all individuals, peoples and nations. It overcomes every evil that the spirit of darkness is able to awaken, and has in fact awakened in our times in the hearts of man and his history.

With the Sacred Standard raised and Holy Staff in hand we adjure you again evil spirits + not by our weakiness but by the might of the Holy Spirit in the Sacred Standard, to depart from men who do not pray, who steal, who take drugs, who have no faith, to depart in chains back into the wall and back into the underworld.
Yield, therefore not by our being but by the power of the Marian Shrines and by the power of the Love Angels , by the power of the cross, by the power of the Act of Entrustment. See the Eye of the Triangle of God, see the symbol of the face of God and tremble and flee.
We throw the Holy Staff on the ground that it may turn into a serpant that devours you demons. Make no resistence nor delay in departing from the bodies of men. For it pleases Christ to dwell in men. May Angel Stormy Weather throw ice balls at you demons, may he strike you with lighting bolts, may Angel Mischief Maker play tricks on you. May Angel Soldier Boy throw stones at you.

May Angel Volunteers raise their vision shields to push you back demons. May Angel Little Drummer beat you with his sticks, may Little Gabriel blow his trumpet at you , may all the aggressive power angels strip you of your power demons and plundered you of your weapons against men. For you are guility before almighty God , and we push you back by the Holy Standard the Holy Eye of God, on which you can not bear to see.

Make room for the Mother of the Church who loves everyone, and in her eyes their are no outcast for she enlightens all people along the paths of faith, hope and love.

9-13-87 -TRIUMPH OF THE CROSS

INTRODUCTION: Letter of 12-30-86

And you can be sure that when the Holy Father John Paul II steps foot on U. S. Soil (Sept 10) there will be a great battle between Angels and the Devils all along his route. Our Lady of Medugorje said the world is now on the edge of catastrophe (spiritual).

When the Holy Father sets his foot on U.S. soil the north wall holding the devils in at St. John Vianney-the Orphan Parish will tumble to the ground and thousands of devils will escape.

Letter of 1/15/87- Angel Stormy Weather must prepare hailstones and windballs to fight the devils.

REQUEST: Under Canon 212 and Canon 213 and following my mystical path under Canon 214 I request church officials to allow me to read the report on the collapse of twin 100 ft towers erected at the Mass site.

Since I follow Our Lady of medugorje words "In all circumstnaces, hold faith up before you as your shield, this means I must read the visible signs. Since the falling of the wall and the release of the devils on Sept. 10, I have two good visible signs to track down the angels and devils. One legion went to Miami "The first bolt of lighting crackled at the Pope began 'Let us pray'". But all the other legions went west ,perhaps the devils hit the towers with a windball,perhaps even Angel Stormy Weather throw a windball and he missed the devils and he hit the tower. "I can't say what happened. I don't know what happened." Garcia It seems like Angel with Trumpet made a man aware of the danger and shouted to everyone to get out of the way.

Under Canon 212 I request Bishop Mc Carthy to tell me if he assigned angels to follow certain devils as I requested and I request to know if Bishop Mc Carthy prayed the Act of Entrustment to Our Lady.

The Bishop under Canon 529 must take certain care that the angels of Our Lady of healing Waters will be able to bring back into the wall all the devils so that the poor, the afflicted, the lonely, those exiled will not be burden down with more pain because the Bishop did not follow his motto "LORD I COME TO DO YOUR HOLY WILL".

I request under Canon 212 and 213 that Bishop Mc Carthy should provide exceptional guidance in these supernatural matters, that his knowledge of scripture and of the spiritual masters. A Bishop who surrendered to and loves God should be capable of penetrating the mysteries of faith.

The Dallas Paper read "Ahigher Power is at work" "Still , faith in the weather had been shaken somewhat for one thing, the pope's outdoor Mass Friday in Miami had been disrupted by rain, the first such incident in his 36 tours away from the Vatican. he had curtailed his sermon and blamed "atmospherical cirumstances". he was dogged by similar circumstances Saturday in New Orleans, where a thunderstorm drenched the crowd waiting for the Mass to start. And the 144 acre Mass site in San Antonio still showed evidence of the sudden storm Thurday that toppled part of the outdoor altar constructed for the pope."

Ref: to earlier letter of 9-10-87

"With the Sacred Standard raised and Holy Staff in hand we adjure your again evil spirits.. yield by the power of the cross, by the power of the Act of Entrustment. May Angel Stormy Weather throw ice balls at you demons, may he strike you with lighting bolts, may Angel Mischief Maker play tricks on you. May Angel Soldier Boy throw stones at you. May Angel Volunteers raise their vision shields to push you back demons. May Angel Little Drummer beat you with his sticks, may Little Gabriel blow his trumpet at you, may all the aggressive power angels strip you of your power demons and plundered you of your weapons against men." Every human ac tion done in depth contains at least an implicit mystical experience. The genuine Christian mystic will certainly have to do battle with the evil spirits in his mystical ascent. Jesus for one warned aginst the return of an unclean spirit with seven more spirits more evil than himself..

The Bishops must be responsible to God to ensure that the damage that our young people did in 1984 by singing "Shout at the Devil" and 'God bless the children of the beast" is forgiven, atonement is made so that God will allow his mercies to overflow.

Will it take one year or to the year 2,000 to bring all the devils under control so that peace and unity are experience by all. Medugorje: "Excuse me for this, but you must know that Satan exists..This century is under the power of the devil... Already now, he is beginning to lose his power and he has become aggressive.

I live by the eye of my faith, therefore I look for God's messages through the visible signs and people who I meet. I am interested in human transformation toward goodness, not Pope watching. How many souls were saved?

During this sacred time from August 15 my bicycle was stolen while praying, and upper and lower window in my house was broken, and again children within the ear of the Picture of Our Lady of Healing Waters which is enshrined to the outside of the house could hear the cursing they invoke on one another. In the privacy of some homes there exist some real evils, will the bishops be able to transform the roots?

Prophecy involves an intelligible speaking in the spirit for the entire community's building up, encouragement, and admonition. The word of revelation casts light of Christ upon the details of daily Christian living, not a public show.

Again I request under Canon 212 and Canon 213 to see the judgment conerning the towers. My eyes of faith tell me the 50 Love Angels are scattered and I pray that soon they all will come back under the protection and banner of Our Lady of Healing Waters.

Have Faith , and they will be healed. I sent out the Angels so that I could do what I could for all men.

Ref: Letter of 6/26: Now listen to these words " If we are not open to the good angels, then the bad angels will have their day".

On 1/15/87 it was written that on Sept 9- The Angels of Our Lady of Healing Water would be sent out to battle, because the spiritual wall surrounding St. John Vianney In Litha Spring would fall on Sept 10 and release the devils contained within the walls because of the sins of men.

Angel Stormy Weather was ordered to make hailstones and windballs to fight the devils.

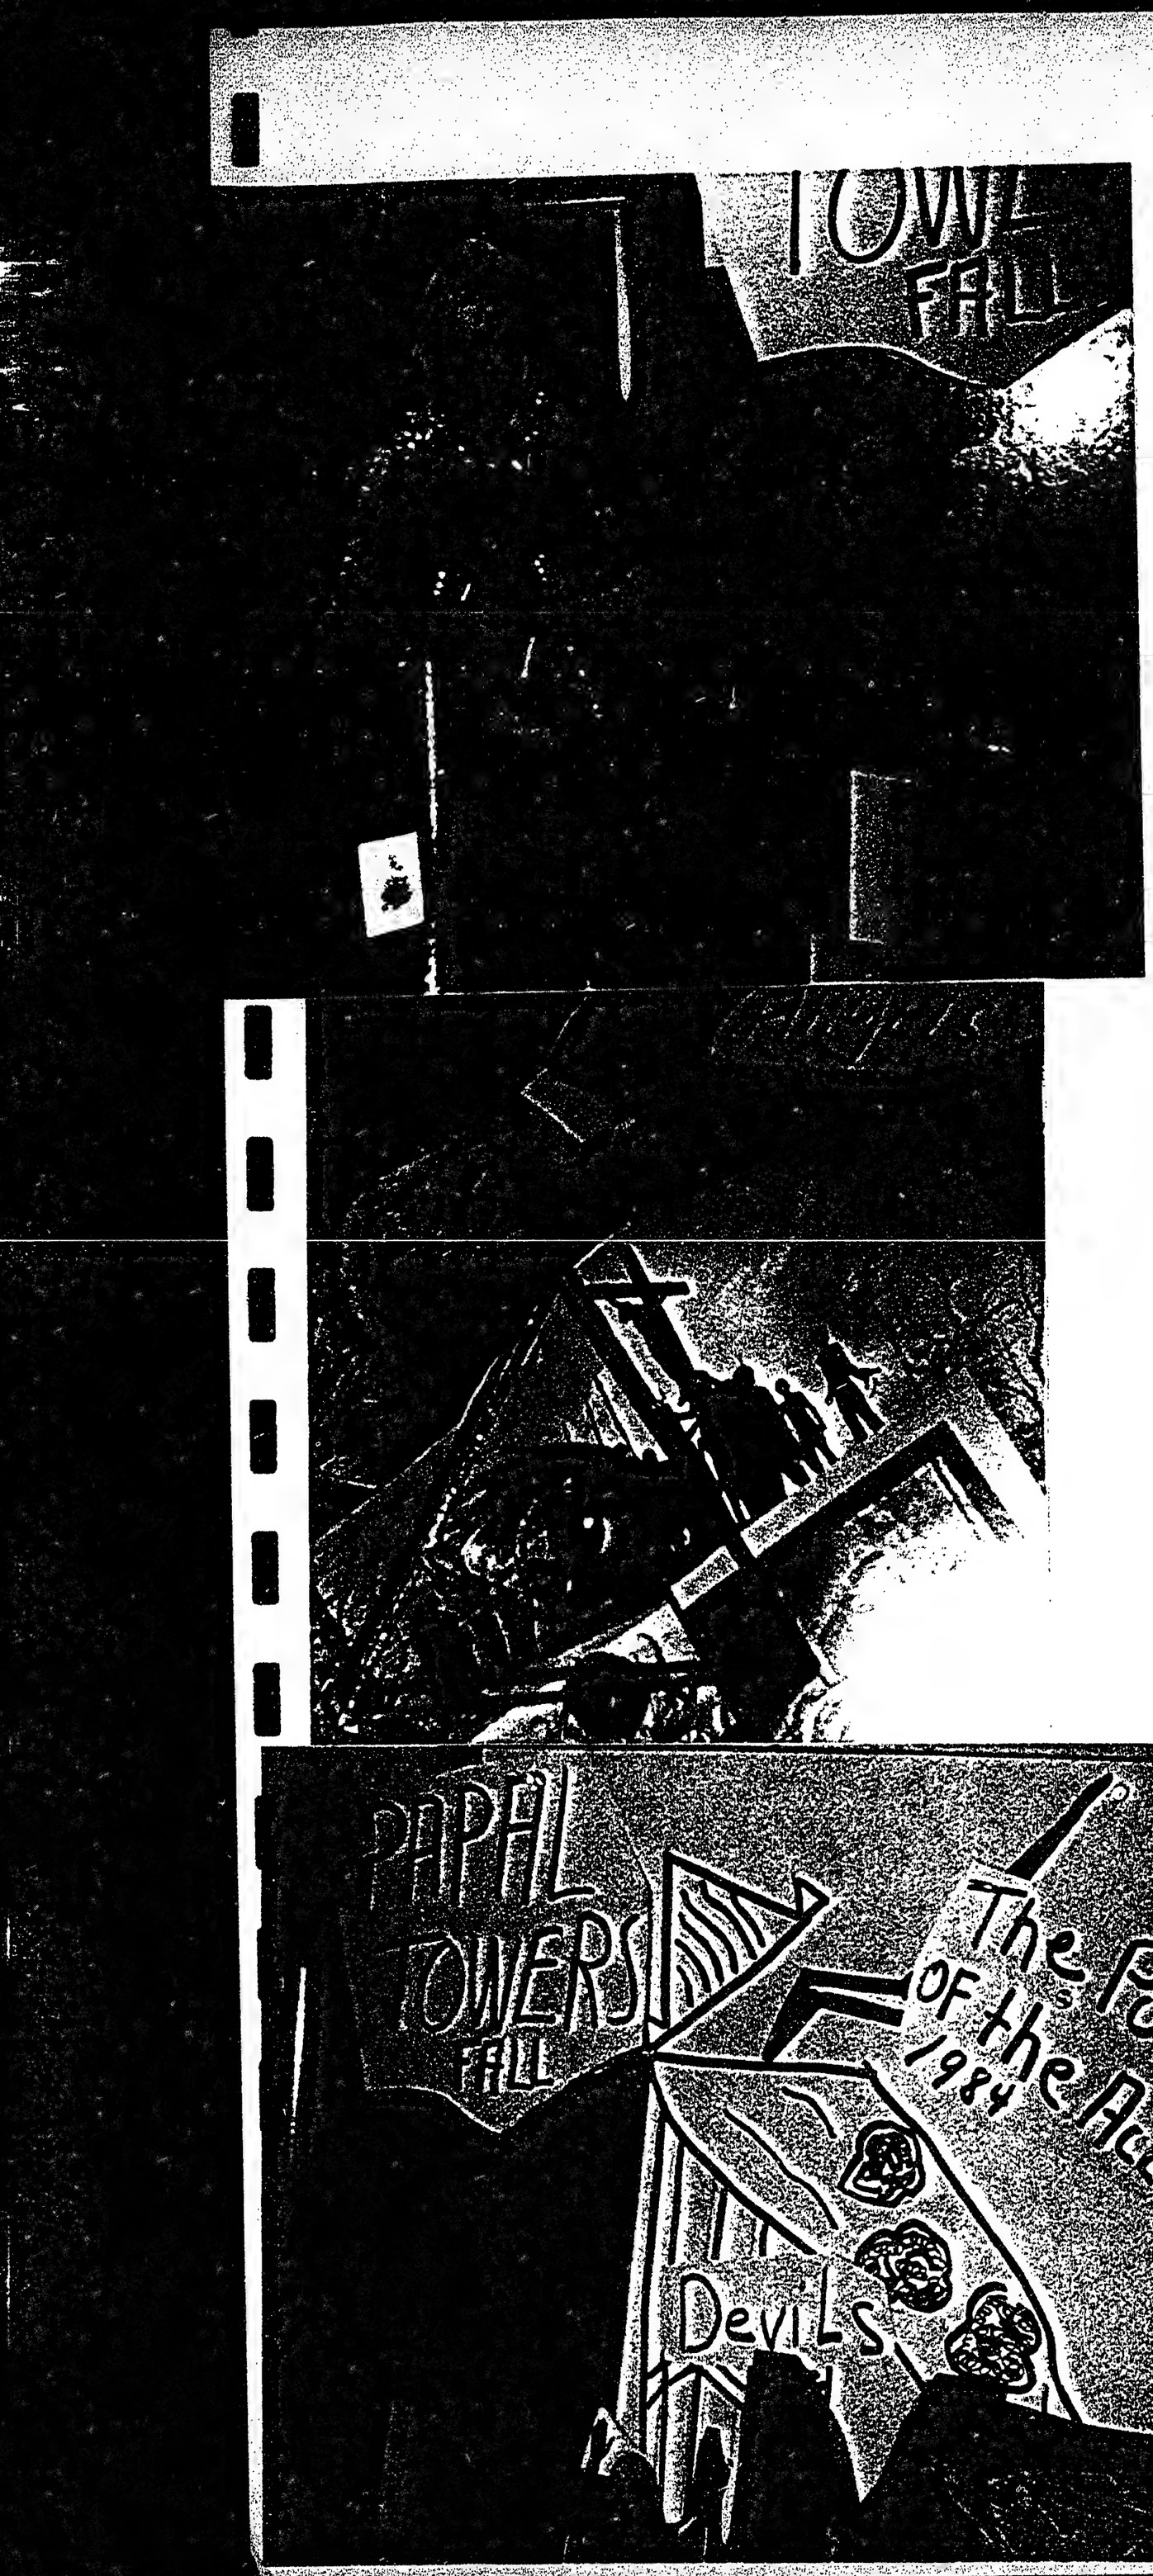
It has been fulfilled as it has been told. "The wall fell and the devils were released". By all indications most of the devils and angels went West, perhaps hitting the "Papal Towers".

Only one week prior to the tower fall, more guy wire and other support devises were added, said Charles Jordan.



Let us say with Our Lady of Medugorje "Excuse me for this, but you must know that Satan exist."

You must know that the wall fell and that atonement must be made and you must support the Love Angels of Our Lady of Healing Waters.

St. Michael the Archangel illustrious leader of the heavenly army, defend us in battle against principalities and powers. Come to the rescue of mankind and help us bring these devils back into the wall and back down into the underworld.

As dawn was breaking the angels urged the people of St. John Vianney -The Orphan to stay away from the north wall. The angels of Fire urged Rev. Eugene and Rev. David to go "On their way". Take your people out of the area of the north wall, or you will be swept away in the punishment . When the good Fathers hesitate, the angels seized their hand and led them to safety outside the wall. As soon as they had been brought outside the wall the angels said: Flee for your life. Don't look back or stop anywhere for many demons will come out of the north wall and they will be very angry. For the angels of Healing Waters have engraged the devils for two days Sept 8 , and 9.

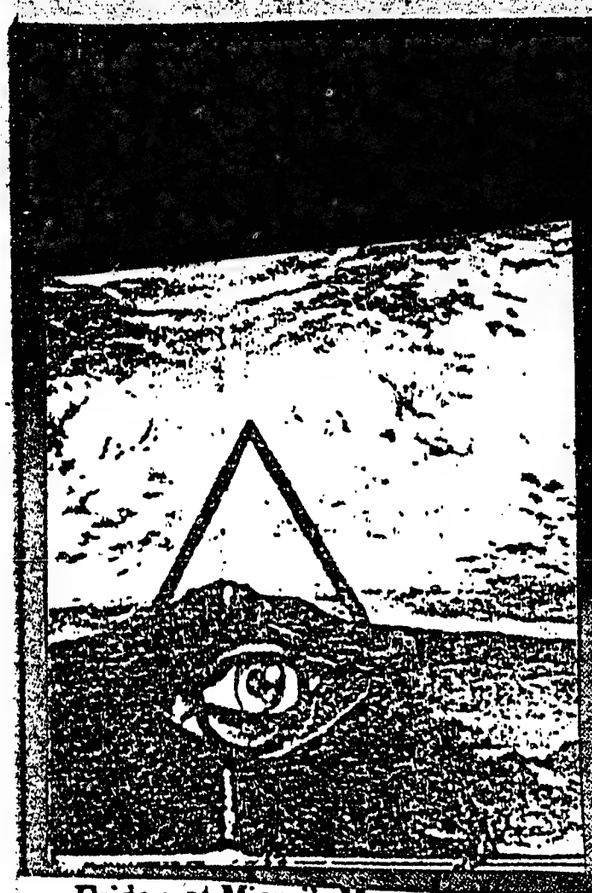
With the Holy Staff in hand I send Angel Stormy Weather of Brazil out to do his duty and obey God's will, when the fullness of time has come.



Friday, at Miami's Mass at Tamiami Park, the first bolt of lightning crackled as the pope began. "Let us pray"

"It sounded like Mount Sinai and Moses coming down the mountain," said Monsignor Bryan Walsh.

One woman was felled during the electrical storm, but authorities there said they didn't believe she was struck directly by lightning or seriously injured. The Mass was suspended shortly after lightning struck a speaker tower

The pontiff was apparently reluctant to shorten the Mass, but the Vatican and Secret Service decided to interrupt the ceremony as lightning flashed across the open field with its 90-foot-tall, steel cross reaching toward the sky above the altar.

In Miami, a violent thunderstorm forced him to cut short his first public Mass of the visit, disappointing an estimated 230,000 who had waited hours to see him

Pope: Gays are not outcasts, and they are in heart of the church

By DAVE VON DREHLE

ABOARD THE PAPAL PLANE — Homosexuals — especially victims of AIDS — have a place in the heart of the Catholic Church, Pope John Paul II said Thursday during an airborne news conference en route to Miami.

And he said the church is doing everything possible to care for AIDS victims, "especially to prevent the moral background of this disease."

On every issue, the words had a familiar ring. Yet the reflections on homosexuals and the killing acquired immune deficiency syndrome epidemic were new. It was the first time John Paul has spoken so directly on the subject.

The pope was asked: Is the AIDS epidemic God's punishment for homosexuals and drug users?

"It is not easy to know the intentions of God," he answered. "He is a great mystery. But we know he is peace, justice, he is mercy and he is love."

Being a Catholic, it is necessary to follow the teachings of our Lord, as expressed through the church.

Church having towers' collapse prob

SAN ANTONIO — Church officials said Friday that they have asked engineers and architects to investigate whether the collapse of twin 100-foot towers at the papal Mass altar site was due to freak gusts of wind or design flaws.

The original design for the altar backdrop called for a scaffolding structure that could withstand sustained winds of 41 mph. Readings at two weather stations near the Mass site clocked winds at a maximum of 34 mph, according to officials at the National Weather Service.

Only a week ago, a San Antonio engineer hired by church officials to give a second opinion on structural safety of the altar site had recommended that the scaffolding be strengthened, said the Rev. David Garcia, Mass site coordinator for the San Antonio Archdiocese.

That work, which involved adding more guy wires and other support devices, was completed earlier this week, said Charles Jordan, controller for Safway Scaffolds and Equipment Supply Co., which had erected the tower structure.

"I can't say what happened. I don't know what happened," Garcia said. "There are a lot of unresolved questions to be uncovered, and we're going to dig out the facts."

Garcia said the same San Antonio engineering firm that gave the second opinion on the structure's safety — he declined to identify the company — will help conduct the investigation that he hopes to complete by next week.

"We're not going to point any fingers or place any blame at this time," he said. "It wouldn't be fair."

Asked whether the wind was sufficient to blow the towers down, Garcia said that would be a crucial

Because of the sins of men, because men turned away from God. Because the children sang "God bless the children of the beast".

The demons were allowed to arise, and the spirits of the dead went out of the wall, looking neither right nor left.

They pronounced a curse against the Vicar of Christ. They the demons pronounced a curse solemn and powerful against the Queen of Heaven the Mother of the Church. They the demons pronounced a curse against the People of God.

part of the investigation.

"People at the site told us of being overwhelmed by a tremendous burst of wind," he said. "We don't know the speed of the wind there, and we may never know, but we're going to look at all aspects."

Some witnesses said decorative banners suspended from the towers caught the wind like sails, pulling them to the ground.

An officials at Safway Scaffolds said his company had been concerned for weeks about the "wind resistance" created by the banners.

"We had asked the people concerned not to hang the banners (yet)," he said.

However, Irby Hightower and Mike McGlone, partners in Alamo Architects Inc., who designed the altar structure, disputed reports that the huge banners played a role in the collapse.

"The towers were built to handle winds of 41 mph, a figure we got from the National Weather Service as the average highest wind recorded for this time of year," McGlone said. "The banners were factored into that planning. They didn't act as sails to pull it down."

Weather service meteorologist Christy Mitchell said wind gusts of 34 mph were recorded at San Antonio Municipal Airport at 6:26 p.m. Thursday, and a sequence of gusts exceeding 30 mph was measured between 5:45 p.m. and 7:15 p.m.

Wind readings at Kelly Air Force Base, the weather station nearest the Mass site, showed gusts to 30 mph until thunderstorms knocked out electrical power shortly after 6 p.m., Mitchell said.

The average wind speed for the month of September is 8.5 mph, she said. And until Labor Day, the highest winds recorded in San Antonio during September were 42 mph in 1977.

On Labor Day, a violent thunderstorm roared through San Antonio with gusts of more than 68 mph, causing extensive damage to a radio tower. Wind readings at Kelly AFB during that storm were 45 mph. The towers withstood those winds without any damage.

"Storms of this type can be very isolated, and the force of their winds can pinpoint over a very small area," Mitchell said.

"Harmonics may have played a role in the collapse of the towers. The steady on and off action of the winds over a period of time could have caused the scaffolding to vibrate at a frequency sufficient to knock it loose," she said.

Hightower of Alamo Architects said any structure — particularly a temporary one — involves tradeoffs in safety, time and money.

Church officials could have built a structure to withstand winds of 70 mph or more, but it would have tripled the $350,000 cost of the altar, Hightower said.

Damage and the cost of repairs were estimated to total $100,000, Garcia said. Church officials said all companies had liability and other insurance coverage, but they refused to elaborate on whether insurance will pay for the damage.

"This was a freak event, and it's hard to plan for those," Hightower said. "I think in retrospect, this is not a tragedy.

During 1984,1985, what did our young people do to offend God, they worn the pentagram of the goat, in defiance of God, and they inverted the points to deny the trinity.

Our youth by holding up the symbol of Baphomet have aided the devil to obtain such power that all those who were not firmly grounded in Mary would be deceived, for the devil is an expert in blinding men that even the best would be deceived."

"We were disappointed, but our perspective is that what happened was that two decorative towers blew down. No one was hurt, and the Mass will go on Sunday. We were disappointed it happened. It's not a terrible thing."

At the Mass site Friday, crews worked around the clock to restore electrical power and to repair the extensive sound system. Workers bulldozed the site clear of debris from the fallen towers and labored to repair scaffolding beneath and flanking the altar. Church officials and architects pronounced the altar safe.

With the colorful banners covering the towers lying in piles of twisted metal, decorative efforts focused on 14- by 20-foot banners representing the 14 dioceses of Texas. Three were torn during Thursday's storm but were quickly repaired and back on the site Friday, said Pete Vande Putte, president of Dixie Flag Manufacturing Co. said..

"We were going to take everyone out there (Friday) for a group shot with the banners," Vande Putte said. "Oh, well."

Vande Putte said employees burst into tears after learning that their 2,000 hours of labor had been ruined within seconds.

"They were devastated," he said.

Church officials stressed that the major focus will now be on ensuring the Mass is held safely and on time.

But a replay of the severe weather conditions that led to Thursday's collapse of the twin towers would definitely cause a cancellation of the Mass on Sunday.

"There's no way we're going to risk people's lives for this Mass," Garcia said.

Church officials said safety has been a concern all along in planning the papal Mass. As a precaution, Garcia asked a San Antonio engineer to review the site for structural soundness and safety.

"He didn't say it was unsafe," Garcia said. "He said it should be strengthened."

"I can't say what we'd do if we find any problems with the structure (as a result of the investigation)," he said in response to questions about whether the church would file lawsuits over the tower collapse.

"There was no hint of any problem," he said.

But instead of focusing on negative issues, Garcia said:"Our energies have to be devoted to the Mass."

Miami papal Mass cut short by thunderstorms

By Frank Trejo
Staff Writer of The News

MIAMI — A joyous open-air Mass, in the planning for more than a year, was marred by violent thunderstorms that forced Pope John Paul II to cut short the service Friday at Tamiami Park.

Secret Service agents and other security personnel became concerned for the pope's safety shortly after noon Friday when ominous black clouds suddenly unleashed lightning and torrential rain.

At least 230,000 people had crowded onto the grounds for the first of several giant open-air Masses planned for the pope's nine-city U.S. tour. Waving Vatican and Cuban flags, the crowd surged forward and cheered wildly as the pope's motorcade entered the park. Some people climbed atop friends' shoulders to catch a better view.

John Paul then made his way to the raised altar, which was surrounded by yellow and white mums and adorned with a huge crucifix and white sails. The pope was in the middle of his homily when heavy rain began to fall, and he was immediately surrounded by umbrellas.

Just after the pope had beseeched worshipers to "stay in touch with your own roots, your cultures and your traditions" and to "make every effort to preserve the unity which has the spirit as its origin and peace as its binding force," Archbishop Edward McCarthy whispered in the pope's ear.

Umbrellas pop up as Pope John Paul II conducts an outdoor M

The pope fell silent and watched as the crowd members, many of them covered by plastic, joined the choir in spontaneous choruses of hallelujah. The pope smiled from beneath his umbrella as those in the crowd swayed back and forth, arms waving.

A moment later, the pope left the altar and was escorted to a nearby trailer, and McCarthy told the crowd that the service was being stopped because of the storm.

Most of the worshipers rushed from the site, knocking down some fences as they scrambled over them, but about 10,000 chose to remain.

Nearly an hour later, those who stayed behind pressed forward when the pope returned to the altar and apologized for "atmospheric circumstances" that had interrupted the Mass.

"I cannot help but express my admiration to all of you," the pope said.

He then blessed the worshipers and said goodbye in English and Spanish as the crowd broke into wild applause.

The prepared text of the homily indicated that the pope had intended to stress the pastoral nature of his visit, praising south Florida's diverse cultural makeup, and address the concerns of refugees. Many refugees, particularly from Cuba and other Latin American countries, have settled in the Miami area.

"I take this occasion to assure you of the church's particular concern for those who leave their native countries in suffering and desperation," the pope's text said. "The frequent repetition of this experience is one of the saddest phenomena of our century."

In an apparent reference to reports that many U.S. Catholics are less than faithful to all church policies, the pope also was to have said that "great personal effort" is required to follow religious practices in a complex and industrialized society.

"It takes maturity of faith and strong conviction to take up the cross each day and follow in the footsteps of Christ," the text said.

The National Weather Service reported winds of more than 80 miles per hour, golf ball-size hail, lightning and frequent rain late Thursday afternoon. 9/10/87

Security was intense in Miami, and a 53-year-old construction worker was arrested after he was found carrying a gun and knife at Tamiami Park, where the pope will celebrate Mass on Friday. Police said they did not believe the incident was related to the papal visit.

Crowds were unexpectedly light. Some 2,500 people — a thousand fewer than forecast — came to St. Mary's Cathedral for a papal greeting.

Towers at Mass site destroyed by storm, won't be built again

By MARK LEWIS
Staff writer

Raging winds smashed the twin 12-story scaffolding towers of the West Bexar County papal altar Thursday, sending them crashing to the ground minutes after workers scrambled to safety.

Bexar County Sheriff Harlon Copeland said no injuries were reported after the storm swept through South and Central Texas and crumpled the 150-foot towers at about 6 p.m.

Although Pope John Paul II still will celebrate Mass at the site Sunday as planned, the towers will not be rebuilt, Richard J. Hemberger, state media coordinator for the visit, told reporters at the scene.

"The towers will not go back up," he said. "No way."

Workers fled from the area when a volunteer firefighter who heard radio reports of the fast-approaching storm warned them over his bullhorn, Copeland said. Minutes later, the towers came crashing down in winds estimated at between 70 and 80 mph.

"They just bent from the force of the wind," said Becky Sweetland, 28, who lives half a mile from the site. "You could see the towers shake and they started moving."

Hemberger said about 1,000 spectators earlier had been gathered near the altar, which is located in a 144-acre field off Potranco Road between Ellison and Dugas drives, but were told to leave when authorities learned of the weather forecast.

"The towers will not go back up. No way."

Papal visit media coordinator

The altar platform is about 90 percent salvageable, and workers will labor throughout the night to repair the damage so the Mass can go on as scheduled, he said.

"The towers, however, will not go back up," he said. "Everything else will be on schedule. The helium-filled cloud (that was to hover over the pope during the Mass) was damaged also and will not be used."

The towers "did meet specifications. This was just one of those freak winds that came out of nowhere . . . and down they went," Hemberger said.

The twin towers were scattered near the stage, as were pieces of about a dozen of the 16 smaller towers representing each Texas diocese.

Copeland blamed the collapse in part on corrugated plastic shields used as part of the stage's backdrop.

"The corrugated plastic shields and fiberglass started blowing and this is because of the wind," he said. "They acted like a sail, and it just blew them (the towers) over."

Hemberger said the towers hit a high-voltage transformer on the way down, but apparently no one was injured.

Some of the supports under the altar sustained damage when the towers came down, but apparently the seating was not damaged, he said.

"All the people working on this have been instructed to bring in whoever they need to get this thing fixed."

Workers had labored throughout the afternoon to put up banners, scaffolding and other finishing touches on the outdoor site two miles outside the city limits.

"I had taken a picture of (the altar), and then in a second, it all started coming down and it exploded," witness Cathy Ledford said. "We have been seeing it go up since they first started, and this is a tragedy. We were waiting for the pope, and it hurts now that this happened."

The towers smashed into power lines, and another witness, Cathy Bryson, said sparks flew as the structures disintegrated. Many chairs being set up near the altar also were scattered by the winds.

"The far tower first fell and then the second tower fell," amateur photographer Carl Pilarczyk said. "It happened

Papal visit leaves debt in dioceses

Some churches seek way to pay millions

Everywhere the pope went there was an army of police with machine guns, rifles, clubs, bulletproof glass, special shields to protect him.

I would think a man of love wouldn't need such protection.

Christ says, "Strengthen your brethren".
The Pope was surely not a man who could face life unprotected. He surely was not an example to the little man who receives the daily blows of life.

Because He is a mystic who has a crises of faith.

On 1/12/87 I introduced a petition of suit in that I observed in many churches of the diocese that almost all people go to communion, therefore it can be physically observed that Christians in an irregular unions are going to communion and that I believe your pastors are leading Christians to believe that living out this orientation of irregular unions is morally acceptable option.

I want to reconfirm, this is not an acceptable option. These irregular unions have a strong tendency ordered toward an intrinsic moral evil and thus the inclination of these unions must be seen as an objective disorder.

During the Papal Visit to the U.S. from Sept 10 through Sept 19,1987, "The Pontiff sternly reaffirmed a prohibtion against giving Holy Communion to those who have divorced and remarried outside the church." Dallas Paper

Under Canon 1506, if within one month from 1/12/87 you have not accepted or rejected my petition I can insist you do your duty.

THEREFORE WITH THE HOLY STAFF IN HAND AND HOLY STANDARD RAISED I INSIST YOU DO YOUR DUTY TO REQUEST EACH OF YOUR PASTORS to inform you if the 40% of Catholics who are divorced and remarried outside the church still go to Holy Communion.

If it is the general opinion of your pastors that divorced and remarried persons continue to go to communion, I insist you do your duty as requested on 1/12/87 to enforce Canon 754 in regard to married and divorced persons receiving communion.

I insist under canon 912 that you enforce the law which prohibits divorced and remarried to receive communion because under canon 1141 "A ratified and consummated marriage cannot be dissolved by any human power or for any reason other than death."

As stated in my letter of 1/12/87 I requested the decree to be published monthly and issued in all church bulletins weekly for 8 weeks stating all Christians who are in an irregular marriage must cease immediately to receive communion.

The pope said "you cannot insist on the right to choose..."
The pope in his exhortations and pastoral letters has said their is no compromise that dissent from church law "is a grave error" and incompatible with being a GOOD CATHOLIC. Under canon 528 all pastors are obligated to see to it that this entire message reaches the lay Christian parish so that they can become GOOD CATHOLICS.

Because of this scandal it is difficult for me to live a holy life which is my duty under canon 210. I request this suit because I find it difficult to live a chaste life when most people I meet are divorce and remarried and continue to receive communion while not living a chaste life. This allowing communion to divorced and re.married is "not progress or emancipation".

In the Apostolic Exhortations of Pope John Paul II issued on Reconciliation and Penance issued under canon 29 it clearly states divorced and remarried catholics have a clear duty not to receive communion but attend mass. This means I expect to see ½ of the congregation in each church not receiving communion. I expect pastors under canon 532 to carry out this juridic affairs as issued by the Roman Pontiff under canon 333. Of course you must "allude to the promise of forgiveness" and urge divorced and remarried person to made frequent repetitions of acts of faith, hope and charity to prepare the way for full reconciliation at the hour only Providence alone knows.

"At all cost to be avoided is the unfounded and demeaning assumption that these irregular unions are good or that the people involved think they are "GOOD CATHOLICS".

Rev. Al McBride said "I also think he (the pope) clearly saying to Catholics, this is one of those non negotiable principles of being a Catholic".

This allowing catholics to receive communion while divorced and remarried is a mentality which completely undermines concern for those that in want, need "good example" to assist them in "rising again".

I insist under canon 1506 tht the judge to his duty and issue the decree that no divorced and remarried person receive communion. And further that this decree be read for eight weeks at all Sunday Masses.
